## **FUNCTIONS REQUIRED**

- All possible** (RB3 = signals + one other option of choice only)
- Signals
- Horn
- Wipers
- High/Low Beam switching
- Front Washer
- Auto lights activation – (optional)

## **Extra Function requested**

(RB-12 interface only)

- Rear Wiper  Cruise Control
- Fog Lamps  Lights ON

---

**Automatic Signal de-activation setting** (Note: **RB3** is preset to auto cancel @ 20 seconds)  
Remember: Signaller's "smart-unstop" will prevent premature cancellation while vehicle is stationary at traffic lights etc.

Set RB12 timer to:

- 10** seconds - *ideal for Hwy signaling or Rural*
- 20 (default)** - *Suburban / City-light*
- 30** - *Heavy City.*
- 45** - *safety disable (auto deactivation after 45 sec)*
- 60** - *safety disable (auto deactivation after 60 sec)*

---

## **BUMP ACTIVATION**

- Hard-Wired**  **Wireless** ...  **Hand Control Bump**  **Headrest Bump**  **Other**

### **RB-12 SW** (up to 10x functions)
